Horses Flat: 25; NH: 2

Best Horse: Rabican, Diamond White, Torgau, Striking Ambition

Racing Background

Giles has racing firmly in the blood having followed in his fathers' footsteps as a trainer, along with working with horses all his life. Following a short career in cattle, including a stint in Australia, Giles took out a licence in 1991 and has trained in Newmarket ever since with the help of his wife Fiona.

Within his 25 or so horses in training, the emphasis is with two year olds, having trained the champion 2yo Torgau during his training career. Giles also likes to have a couple of jumpers in the yard to keep him busy over the winter.

In his spare time Giles likes to shoot and can also be seen out following the Thurloe hunt, watching his twelve year old, an avid member of the field.
